

# Monica Geller

Workaholic teacher

Go big or go home

## ACTIVITIES

Monica begins her daily routine very early in the morning running in the park near her home. After that, she dedicates herself to organize her school day on PC. At 8 o'clock she goes to the school to start her work, then, once she gets home, she corrects her students' works and registers immediately the grades.

## GOALS AND DESIRES

Monica desires a better school, up to her expectations. She wants her colleagues and students to do their best. Her major desire is to achieve the best national results at INVALSI examination.

## NEEDS

Monica needs to work hard and compulsively. Her perfectionism leads her to want many information about her classes and her students to monitor the learning trend of her subjects and to know if her work is successful.

## OBSTACLES AND FRUSTRATIONS

- Large classes don't allow her to do her best work.
- The bureaucracy forces her to waste much time everyday before the lesson, so she has often to start some minutes late.
