

Guido

School Principal

Even if I am a young principal I know what my duties are.

Digitizing the work will be of great help in this

ACTIVITIES

Guido is 42 years old and comes from the big city of Rome. He is the principal of a local high school and was sent directly from Rome to work on the problems that afflict this school. He wants to check all the statistics of current activities to know where to work harder

GOALS AND DESIRES

Guido would like to easily manage activities of teachers and students to create balanced and fair classes

DIGITAL TOOLS

NEEDS

- Guido needs to have readable and clear data about teachers, students, marks and classes
- Guido would like to be helped in the process of class creation so that he can do a good job

OBSTACLES AND FRUSTRATIONS

- Guido is so annoyed of having to create classes by hand and lot of papers
